WHEN CALLS THE HEART

There Is No Shortage Of Drama In Landmark 10th Season!
By Zhanna Slor

Wedding bells are on the horizon for the landmark 10th season of Hallmark's long-running historical drama *When Calls the Heart* (premiering Sunday, July 30), based on the book series by Janette Oke. In the previous season's finale, Elizabeth Thatcher (Erin Krakow), the young schoolteacher and mom who lost her husband in a tragic mine collapse, said yes to a proposal from love interest Lucas Bouchard (Chris McNally), a businessman who came to Hope Valley.

"Season 10 is a momentous season for all of us," Erin Krakow told us. "We were thrilled to be able to make it and celebrate a decade of *When Calls the Heart*, and our hundredth episode, which is coming up this season. There's no shortage of romance, friendship, community, comedy, drama. Wedding planning is definitely underway this season, so lots of little tidbits for our viewers there, talking about what they both want in their future, maybe some cake tasting, all of that good stuff. We also have Lee and Rosemary's pregnancy to look forward to. We've got a lot more music. Some new characters, new romance ... yeah, lots of good stuff to look forward to. It's all there in full force and we are so appreciative to the fans for being so patient with us, and we just can't wait to share the new season with them."

Regarding the challenges and joys of playing a character for so long, Krakow said, "I'm really grateful that I get to play a woman who is

passionate about what she does, cares about her friends, community and the children of Hope Valley. She feels authentic. She may not always get it right, but she's doing the best she can to be true to who she is while also being kind. I really credit our writers for this. They've given me a great gift over the years. Every season feels different to me. There's something new for her to discover, explore or be challenged by every passing season. There's a lot to love in that character.

"I mean, she showed up to what was then Coal Valley, very much a fish out of water. She didn't know how to cook. There was a lot that she had to learn, and we've seen her learn. She has made incredible friends, she fell in love, she got married, she lost her husband, she got pregnant, she's navigating becoming this single mother, she's found love again. So many things have happened on her journey so far, and I can honestly say we're not even close to coming to the end of the stories that we have in store."

In the decade the beloved Hallmark series has been airing, *When Calls the Heart* has built quite the large fanbase. Every year, fans from across the globe fly into Vancouver for the Hearties Family Reunion and get to visit the set and attend meet-and-greets as well as Q&A panels with cast and crew. "It's a great community of people who love and support our show and have really kept us on the air for all these years," Krakow said.

THAT (NAT GEO) '90S SHOW

Rewind the '90s, Nat Geo's new series that looks back at that era, is a good time — whether you grew up in the '90s, were an adult who lived through them or were not even here at all yet. Over the series' 10 hourlong episodes (with two installments airing Mondays from July 31 through Aug. 28), celebrities, eyewitnesses and pop culture pundits relive the most memorable moments of the 1990s. Each episode is focused on a particular theme, and they are comprehensive in covering major parts of that decade. A lot of that coverage deals with popular culture like TV, movies, music, etc., but the show also does a nice job of delving into other notable areas, like technology and the rise of cellphones and the World Wide Web, along with social changes in the decade.

RUN THE BURBS

Starring and cowritten by *Kim's Convenience's* Andrew Phung, the beloved Canadian comedy *Run the Burbs* (Mondays beginning July 31 on The CW), about a contemporary Vietnamese-South Asian family living life to the fullest in the suburbs, makes its U.S. debut with a feel-good sense of humor and an upbeat attitude. You don't have to be Canadian or Vietnamese or even an immigrant to enjoy the show; it's relatable because it's about family.

But if you *are* an immigrant, it's more so.

"We often see immigrant families on the screen, but I want to see the generation below that, the next one. How do they raise their kids?" Phung, who plays the father, Andrew, explained about the inspiration behind the show. "I often joke that the second generation raises their kids with one foot in North America and one foot in their parents' country."

Phung also wanted to revitalize the idea of the suburb in media. "When they were shown on television, suburbs were a place where people went to die. It was so mundane and boring. But for so many people, the suburbs are a place you go to actually thrive and live. And secondly, families of color were often left out. Really what I love about the show is we're pivoting the camera one house over to the family that's always existed in your neighborhood. But then on top of that, we wanted to make it relatable to being millennial parents.

"Don't go in expecting *Kim's Convenience* because it's a completely different family, but this is a spiritual continuation. It's the joys of *Kim's Convenience*, it's the slice of life, it's the day-to-day," he added. "Andrew's a stay-at-home dad. He's been a stay-at-home dad for 14 years. He's trying to find his purpose. He's kind of questioning do his kids need him as much as they did before? And with [their mother] Camille, she's trying to figure out what she wants to do with her career. It was such a joy to tell these stories and to use our culture and use these lived experiences as an opportunity to find comedy." — *Zhanna Slor*

Better than cannabis, better than CBD

New Joint-Supporting “Miracle Oil” Capsule Delivers Hip, Knee, and Shoulder Comfort in Just Days

Thousands of Americans are rediscovering normal freedom of movement thanks to a “miracle oil” capsule that’s outperforming hemp in promoting joint comfort.

According to the official figures from the CDC, more than 58 million Americans are living with joint discomfort. This epidemic has led to a search for alternative approaches – as many sufferers seek relief without the harmful side effects of conventional “solutions.”

Anti-aging specialist Dr. Al Sears is leading the way with a new formula he calls “the most significant breakthrough I’ve ever found for easing joint discomfort.”

The capsule is based on a “miracle oil” historically treasured for its joint health-supporting properties. Marco Polo prized it as he blazed the Silk Road. And to this day, Ayurvedic practitioners rely on it to promote optimal joint health.

Now, with a modern twist backed by science, Dr. Sears is making this natural solution for joint health available to the public.

Your Body’s Hidden “Soothing System”

Joint health research changed forever with the discovery of the endocannabinoid system (ECS) in 1992. Up until that point, research on cannabinoids focused on psychoactive effects. Now, scientists were looking at a new way to fight occasional aches and pains.

Your ECS serves as a central “signaling system” that tells your body how to react to things you do every day. It controls several critical bodily functions such as learning and memory, sleep, healthy immune responses – and your response to discomfort.

A recent study revealed a direct link between the ECS and creaky, sore joints. Researchers at the University of Edinburgh studied the aging of mice with endocannabinoid deficiencies versus “normal” mice.

As they aged, the deficient mice had a whopping 60% more joint degeneration than the mice with a healthy ECS.

As the name suggests, the ECS responds to cannabis. At the time it was discovered, scientists assumed that was the best way to support it. But thanks to Dr. Sears’ all-natural solution, you can power up your ECS without marijuana.

“Calling it the ‘endocannabinoid system’ was a misnomer from the very beginning,” Dr. Sears explained. “Modern research reveals that you don’t need cannabis to activate this incredible system. You don’t need to ‘get high’ to get joint relief.”

A scholarly review found that plants and herbs that don’t produce mind-altering effects can support the ECS and help it maintain its healthy functions.

The active ingredient in Mobilify soothes aching joints in as little as 5 days

This includes common foodstuffs, such as kava, chocolate, black pepper, and most significantly – the star ingredient to Dr. Sears’ own **Mobilify** formula - frankincense.

Modern scientists say this natural ingredient meets “cannabinoid tetrad” – the signs used to determine if something supports the ECS. While it doesn’t produce a “high” like cannabis does, it binds to the same receptors to support a healthy response to discomfort.

All the Benefits of CBD – Without Cannabis

Indian frankincense, the chief ingredient in **Mobilify**, has been shown to provide all the benefits of cannabis without any feelings of sluggishness or sleepiness.

And studies show that users don’t have to wait long for the comfort they’re looking for.

In a study published in the International Journal of Medical Sciences, 60 patients with stiff knees took 100 mg of Indian frankincense or a placebo daily for 30 days. Remarkably, Indian frankincense “significantly” supported healthy joint function and relieved discomfort in as little as five days.

Additional research linked regular use to lasting comfort.

In another study, 48 participants were given an extract made from frankincense for 120-days. When the results came in, researchers determined the extract strongly supported joint comfort – especially in the knees.

These results were all achieved without marijuana. Research continues to back up the idea that you can support smooth, strong, and healthy joints naturally – without tiredness or sluggishness.

Get Moving Again with Mobilify

Mobilify has already helped thousands of Americans stay on their feet and breeze through their daily activities with ease.

One user even reported getting results the same day it was used.

“**Mobilify** really helps with soreness, stiffness, and mild temporary discomfort,” Joni D. said.

Larry M, another user, compared taking **Mobilify** to living a completely new life.

“After a week and a half of taking **Mobilify**, the discomfort, stiffness, and minor aches went away...it’s almost like being reborn,” he said.

Dennis H. said it helped him get back to his favorite hobby.

“I can attest to **Mobilify** easing discomfort to enable me to pursue my golfing days. Definitely one pill that works for me out of the many I have tried,” he said.

How to Get Mobilify

Right now, the only way to get this powerful, unique **Mobilify** formula that clobbers creaking joints without clobbering you is directly from Dr. Sears. It is not available in stores.

To secure your bottle of this breakthrough natural joint discomfort reliever, buyers should call with Sears Health Hotline at **1-800-418-5330**. “The Hotline allows us to ship the product directly to customers.”

Dr. Sears believes in this product so much, he offers a 100% money-back guarantee on every order. “Just send me back the bottle and any unused product within 90 days, and I’ll send you your money back,” said Dr. Sears.

The Hotline will be taking orders for the next 48 hours. After that, the phone number may be shut down to allow them to restock. Call **1-800-418-5330** to secure your limited supply of **Mobilify**. 5 QUESTIONS with ...

NISCHELLE TURNER

By Jacqueline Cutler

Nischelle Turner, cohost of *Entertainment Tonight* and host and producer of *Secret Celebrity Renovation* (returning

to CBS Friday, Aug. 4), puts her journalism degree to good use. Even a two-minute interview represents hours of research. The first Black woman to cohost *ET*, Turner also cohosts *The Big Podcast With Shaq*. Here Turner answers our "5 Questions."

1. Who was the first celebrity you interviewed? Ozzie Smith, a former St. Louis Cardinal. I was a reporter anchor in Evansville, Indiana. It was the best for me because I'm a big Cardinals fan.

2. Tell us about a time when were you starstruck. The very first time I interviewed Oprah, I was like, I don't even know what to say, how to move, what to do. And I walked into the room, and she gave me a high five, and I still have a picture of it. And she was lovely, but I was completely petrified. And my first time interviewing Denzel Washington. He's great. Also, my first time interviewing Meryl Streep. I was about ready to pass out. I actually just had a moment a few months ago. It was such a great day, and I got to sit down with Carol Burnett, and it really was one of my favorite interviews that I've ever done. She is like a legend in all caps.

3. Since you've talked about this, and many reporters had a similar experience, who was the most challenging celebrity interview? Tommy Lee Jones. That's a given. That's, like, No. 1. Everything else is all the way down there. I can deal with anybody else, but it's him. This was for *Men in Black*. I tried everything. I got up and walked out of that interview. I was done.

4. What is your ideal day? I'm an early-to-bed, early-to-rise kind of girl, just always have been because my grandma was my caregiver, and we didn't play around in the Turner household. My ideal will probably be to keep my eyes closed a little after 7am and get up, not having much to do, go to dance class. It's my favorite thing; it's my happy place. Come back, put the grill on. Either have crab or lobster and sit by the pool and just chill out. Sit in the hot tub, sit by the pool, and hang out and catch up on *Ted Lasso*.

5. What has it been like as a producer on *Secret Celebrity Renovation*? I love it! I get a hand in casting and whose stories we're telling. I'll reach out to people and say, "Hey, during the show, it's athletes and celebrities who go back to their hometown and just do something good for someone who's made a difference in their life, someone who's helped shape them to become the person we know today." And I honestly don't think that I have put a call into anyone who has just said no.

At just 26 pounds, only one folding mobility chair has the power to change your life.

The Journey Air Elite features the latest carbon fiber technology for the ultimate in portability and performance

Mobility issues affect over 1 in 5 Americans. These individuals, and their loved ones, know how decreased mobility can result in loss of independence, pain and falling hazards. They are often stuck at home, missing out on a variety of activities, in a vicious cycle that diminishes their quality of life. In the past, mobility devices like scooters and power chairs were too heavy and bulky to transport easily. Now, carbon fiber material invented for the aerospace program has been used to create the ultimate mobility device. It's called the Journey Air Elite ... and there's nothing else like it on earth.

At only 26 pounds, the Journey Air Elite combines lightweight portability with world class performance. Its simple to use joystick and powerful dual-motor drive system enables you to zip around quickly and safely. It's easy to maneuver, never tips, fits easily through doorways, and can go right up to a table or desk. Once you are done, just one pull on the seat handle folds it up. There's a fold-down back to make it even easier to stow and store. It features flat-free tires and rear anti-tippers for added convenience and safety.

Just imagine how this chair can improve your life and make it easier for loved ones and caregivers to accompany you to activities and events you

Devery Jacobs, a Leo (born August 8), of "Reservation Dogs"

Things can still change. Reserve the right to change your mind later on.

LIBRA (Sept. 23 - Oct. 22) A reason, a season or a lifetime. This is what you're discovering when it comes to friends, networks and your social circles. It looks as though you could do with an upgrade in this area of your life. Fortunes can change when you level up the company you keep.

SCORPIO (Oct. 23 - Nov. 21) This week bring themes of reflection and recalibration. A Full Moon in your Home Zone challenges you to think differently about your career and overall direction. If you need more fun and joy in your life, prioritise differently. If you need more happiness, it's up to you to claim it.

SAGITTARIUS (Nov. 22 - Dec. 21) Everything feels easier for you if there is meaning or purpose behind the things you do. This week, you're likely to feel re-inspired by the action you're taking. A bold move or an inspired choice could change things. You may feel re-inspired by a risky move toward something you believe in.

CAPRICORN (Dec. 22 - Jan. 19) Attention to your value is favoured this week. If you've been selling yourself short, either financially or emotionally, or both - then it's time to reconsider your position. No one is going to provide you with a solution. If you need to turn a situation around, make a bold first move.

AQUARIUS (Jan. 20 - Feb. 18) Relationships are a constant flow of give and take and compromise. You're learning just what it is you do and don't want in partnership. As desires shift, honesty becomes vital. If your heart desires something different, let your heart take the lead. Think with your heart, not with your head.

PISCES (Feb. 19 - March 20) Bold choices and risky moves are highlighted in relationships for you now. This might be about you defining a situation on the terms that are right - or not, for you. This new confidence you're demonstrating is inspiring. Also, reserve the right to change your mind too as adjustments will be required.

ARIES (March 21 - April 19) The more effort you can put into your health and wellness now, the better off you'll be later. Even if time is of the essence and you're wondering how you could possibly fit it all in, you'll be grateful you did. Remember that a stitch in time saves nine!

TAURUS (April 20 - May 20) Things are moving slower than even you might prefer, but trust that there is a cosmic method in the madness. Issues on the home front may not be working out how you want them too which may be displeasing. If change is what you want, then it begins with you!

GEMINI (May 21 - June 20) Things may appear to be going swimmingly on the home front, which is just how you like it, with your planet Mercury there. That being said, be mindful that the things you sign off on or agree to may change down the track. Don't avoid taking action just because circumstances may change.

CANCER (June 21 - July 22) Are you in alignment with the things you say you want? On the one hand, you may have a goal, but on the other, your spending habits could need an adjustment. This is your week to get crystal clear about your money. Look to ways you can spend less or earn more.

LEO (July 23 - Aug. 22) Everything is changing. Is it you? Is it someone else? Is it your career? It's hard to say. But you know what they do say? When everything's changing, change everything. Sometimes it's just the refresh you need. Treat yourself to a little luxury or a change in your personal style.

VIRGO (Aug. 23 - Sept. 22) No doubt you're feeling pretty impressed with yourself and all the choices you've been making that feel oh so right for you! While this is something to celebrate, also be open that all this is a process.

"The Young And The Restless" And "Days Of Our Lives" Star Greg Rikaart Celebrates 20 Years Of Daytime Drama

Greg Rikaart has many reasons to feel great this summer. He's not only appearing regularly as irrepensible Leo Stark on *Days of our Lives*, but he's also celebrating 20 years of playing Kevin Fisher on *The Young and the Restless*.

Originally, Rikaart was set to have a limited run in Genoa City. He came on *Y&R* to play sexual predator Kevin, an accountant at a strip club, who'd seduce teen Lily Winters (Christel Khalil) and infect her with chlamydia as part of the show's effort to educate viewers on the dangers of kids being on the web unsupervised.

"I'd started airing in July, and at the August fan event that year I was sat next to Christian LeBlanc [Michael] in a truly serendipitous moment," Rikaart tells *TV Weekly*. Producers noted a familial resemblance between the two actors and decided to write into the show that their characters were estranged half brothers. The family was fleshed out further with the addition of Michael and Kevin's mother, Gloria, first played by Joan Van Ark (*Knots Landing*), and later by soap veteran Judith Chapman (*General Hospital*, *As the World Turns*).

Adding Gloria was "the perfect piece," Rikaart says. "Michael was the straight man and Kevin was the ne'er-do-well. Gloria was the mastermind."

Rikaart was reunited with Chapman over on *Days* when she was cast as Leo's mother, Diana. "We just shifted gears on our characters' dynamics and went from there," the actor says.

While Rikaart is spending more time in Salem than in Genoa City these days, he feels there's plenty to explore with Kevin and his wife Chloe (Elizabeth Hendrickson), who are parents to daughter Bella and their second child, Miles. Kevin has expressed apprehension over having a son given his own tumultuous relationship with his late abusive father, "Terrible" Tom Fisher (the late Roscoe Born). "Off-camera, he was a lovely, lovely guy," Rikaart recalls. "But even in rehearsal he wanted me, as Kevin, to be uncomfortable. And he succeeded."

As for Leo, Rikaart is currently acting out a unique soap opera dynamic. "It's a bit trailblazing in that it's a love triangle and it involves a gay man [Leo] and a straight woman [Gwen, played by Emily O'Brien] fighting over the same man — Dimitri [played by Peter Porte], who is bisexual."

ASK MATT

@TVGMMattRoush

WHAT WILL BECOME OF SUPERMAN & LOIS?

Question: Although I was thrilled that The CW didn't axe *Superman & Lois*, they're cutting more than half of the cast! This underappreciated "superhero" show has always been about more than just Superman fighting villains. Is it simply going to be the Kents v. Lex Luther? How can they continue to feature other stories? —Robin B.

Matt Roush: This is the good news/bad news reality of the current TV industry. Yay, we're renewed. But ouch, only the core cast will be full-time? I would expect when *Superman & Lois* returns for a shortened 10-episode Season 4 – episode reductions are also becoming more common – that you will see some or possibly all of these supporting characters return when the story dictates, but they won't be in as many episodes and they'll no longer be credited as regulars, all for budgetary reasons. This is part of a trend, affecting even sitcoms like CBS's *Bob Hearts Abishola*, where only the title characters will be regulars next season because of license fee and budget cuts. With network ratings in decline and budgets responding in kind, this sort of belt-tightening is only going to become more noticeable in the season(s) to come.

CHEERS TO IT'S ALWAYS SUNNY IN PHILADELPHIA

for being the one that mucks. Even 16 seasons in, the crass FX comedy continues to find new ways to clown on everything sacred, including the gang's recent—and riotously disrespectful—run-in with *Breaking Bad* stars Bryan Cranston and Aaron Paul.

CHEERS TO GLAMOROUS

for giving Kim Cattrall the perfect comeback. As a makeup maven fighting to save her brand in Netflix's frothy comedy, she's sassier, sexier and city-ier than ever.

JEERS TO NBC

for shutting down *American Auto*. Like the also-missed *Grand Crew*, the Ana Gasteyer comedy about a struggling car company had more in the tank and was the network's best proof that ABC isn't the only network with top-grade comedies.

JEERS TO THE IDOL

for false advertising. HBO's edgy drama about a pop star (Lily-Rose Depp) ruled by a demented Svengali (The Weeknd) was supposed to be a scathing look at showbiz's toxic underbelly, and so far, it's just been a lot of talking and a few songs. More like *The Idle*.

A Custom Design for Pup Lovers!

Classic tie dye designs will never go out of style and neither will the love you have for your four-legged family member! Now you can express your love for retro fashions and for your favorite breed with our grooviest design yet. The back of our light blue tie dye full zip hoodie features your favorite dog breed (30 breeds available) sitting pretty where the letter "O" would be in the embroidered word LOVE—O-so cute! The front also features the embroidered word LOVE, but instead of a dog in place of the "O", there's a perfect little paw print! An enamelled silver-toned paw print zipper puller completes the adorable design. Expertly crafted in an easy-care cotton-blend knit, other design details include a soft jersey lined hood, flattering seams on the sleeves and back, knit cuffs and hem, and front hip pockets, all adding to the hoodie's comfort and versatility. Imported.
